

Decorative Mesh

Decorative mesh is a new plastic netting now available for wrapping and decorating flowers, baskets and other gifts.

It is unlike anything you have used for floral or gift accents.

Decorative mesh is available in many different colors and can be formed into a wide variety of shapes. It can be bunched, swelled, entwined, folded or molded for a wide range of applications.

It will surely bring out the creativity in you!

Decorative mesh is made of a durable, waterproof, high-quality material that can replace Tulle, Silk, and Woven fabric in many applications.

Decorative mesh can also be sealed or trimmed with your shrink-wrap heat sealer.
