Flexible Protective Netting Sleeve

FPS-Flexible Plastic Netting Sleeves

FPS Plastic Netting Sleeves protects valuable parts and products in all shipping, storage, handling and process applications. FPS Protective Sleeves stretches and wraps snugly around virtually any form. Machining, finishing, painting and plating are protected. Damage claims and returns are reduced.

- Protect corners and edges
- Shield finishing, painting and plating
- Safeguard critical tolerances
- Reduce damage claims and returns
- Reduce labor cost
- Save on packing materials
- Reduce inventory costs
- Apply and remove easily
- Won't slip in transit
- Won't trap or absorb moisture
- Demonstrate your commitment to quality
